

NEWS RELEASE

KRUMLIN PRAISE

16th January 2011

Well done to all those who worked on Krumlin, as you can see from the letter below your professionalism and community awareness didn't go unnoticed. Nor did your sense of humour even in sub zero conditions. Well done to all those involved.

Dear Mr Cowley

**1st Time Connection to the Public Sewerage System
Scammonden Road, Krumlin, Barkisland, Halifax**

Thank you for your letter of 30th December notifying us of completion of the sewer works and the enclosed plan.

I must write to you and commend the sub contractors you used to do this work. They were efficient, friendly and helpful despite the appalling weather they had to contend with which we did jokingly warn would be the norm for Krumlin! However throughout it all they kept their sense of humour and never once caused the residents here any problems of obstruction or loss of rights of way.

We understand they will have to return to do some landscaping work once the weather is better. So I thought I had better let you know, if you have not already been informed, that the weather has played havoc with the resurfacing of the road they had to do when pipe laying. The frost has lifted the patches significantly which is causing driving to be somewhat bumpy. Perhaps you would ensure that this remedial work is also undertaken when the weather improves.

Yours faithfully
