

NEWS RELEASE

TRAINING INITIATIVE CONTINUES

28 September 2008

SBU's training initiative was created to ensure our workforce was always up-to-date with the latest technology and working practices. Many of our employees are supplementing their skill with vocational qualifications as well as following regular training plans. During the last couple of months members of the team have achieved the following qualifications and skills:-

- Domestic to Commercial Gas Training
- Forward Tipping Dumper Assessment
- Full Breathing Apparatus
- 1st Aid at Work
- Advanced Apprenticeship Carpentry and Joinery
- NVQ Level 3 Construction Site Supervision
